**Andrew LOPEZ** (Aggrieved Person)

At 0800 a.m., I met with the Aggrieved Person at the District Office at 595 Ala Moana Blvd, in Supervisory Special Agent Melvin L. GREY's Office (this office is adjacent and across the hall from the District Director's office). Mr. LOPEZ provided me with over twenty-five (25) additional events and acts that indicate disparity of treatment and leads him to believe that he is being discriminated against because of his race; national origin and reprisal. The information is contained in part 3a. **Background Information** and part 4. **Chronology of Events:** of this EEO Counselor report.

**Donald A. RADCLIFFE** (District Director)

At about 2:05 p.m. I met with District Director Donald A. RADCLIFFE in his office. I informed him of some of the additional twenty five points of disparity of treatment that Mr. LOPEZ had presented to me. I informed him that Mr. LOPEZ needs more time to document all of the facts and Mr. RADCLIFFE approved more time if necessary. He stated if more time is needed it will be O.K.
